HDi ergo series

HDi ergo special is an electric height adjustable trolley that tilts forwards and backwards at any height to suit 55" & 65" HDi screens.

HDi ergo series offers the most comprehensive range of movement and flexibility to make the most of your interactive technology. With the HDi ergo series, you optimise the use of your space by moving around your solution and adjusting the height ergonomically at your convenience.

This series is proudly engineered and manufactured in Australia, ensuring stock availability and high-quality resources.

Display suitability

55" 65"
